To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

I have the honour to address the Government regarding the employment of an additional compounder for the Government Headquarters Hospital, Mangalore. The sanctioned bed strength of the hospital is 100 and the daily average number of in and out-patients treated at the hospital during the last four years was:-

-2-

Year.	In-patients.	Out-patients.
1933	102.30.	329.55
1934	99.97.	368.79
1935	115.20	364.95
1936	116.74	430.41

As per scale of compounders to patients approved by Government viz. 1 compounder for 100 out-patients and 1 additional compounder for every 75 in-patients, the hospital is eligible for a minimum staff atleast 4 compounders for the daily average number of in and out-patients treated at the Hospital. But there are at present only three compounders. Out of the three one goes to the local sub jail every morning vide G.O. No.Ms.3029(Law General) dated 13-8-1931 since the Assistant District Medical Officer is also the Superintendent of the Sub Jail, With a sanctioned strength of 100 prisoners though usually there are more than 100 every day. This jail duty for one of the compounders leaves only two compounders for the morning out-patient work in the Headquarters Hospital. The District Medical Officer, South Kanara states that two more compounders are absolutely necessary for the proper working of the hospital. I agree with the District Medical Officer and recommend that the Government will be pleased to sanction the employment of atleast one additional compounder from 1st May 1937.

The cost involved in the proposal during 1937-38 will be Rs.280/- while the ultimate cost will be Rs.400/- per annum.

Establishment - Headquarters Hospital, Mangalore - Additional compounder.

C.No. 891 from the S.G. No. 2438-2.H. d. 15/16-1-'37.

The S.G. recommends the employment of an additional compounder in the Govt.Headquarters Hospital, Mangalore with effect from 1-5-'37. It is reported that there are at present only 3 compounders and one of them is attending the local sub jail along with the medical officer in the mornings and that thus there are only 2 compounders to do the work in the hospital where it is considered there is enough work for at least four compounders. The following is a statement showing the daily average number of in and out-patients treated in the hospital and the number of compounders to which the hospital will be eligible on the basis of the number of patients.-

No. of beds	Year.	Daily av. number of patients. I.P.	O.P.	Existing No. of compounders.	addition proposed
100	1934	99.97	368.79	3	1
	1935	115.20	364.95		
	1936	116.74	430.41		
		331.91	1164.15		
	Average	110.64	388.05		

On the basis of the average number of patients treated in the hospital is eligible for 5 compounders as against only three now available. One more compounder asked for by the S.G. is therefore only reasonable and may be sanctioned.

Yes; temporarily for one year. JD 26/1/37 WM

~~From the S.G's letter it would appear that~~ one compounder is exclusively being utilised for duty in the jail. Attention in this connection is invited to the Finance notes at pages 22 and 23 of G.O.No. 3029 Law (General) dated 13-8-'31 . The amount of dispensing work in the ~~has~~ jail ~~was~~ is only very small and the full time of a compounder ~~is not necessary for this work~~ should not be utilised for the work. If however the work in the jail has increased it will be necessary to consider the question of managing the work in the jail without detriment to the hospital work. This question need not perhaps be considered now, as the ~~staff now asked for is only within the accepted scale.~~

2. The S.G. requests that the staff may be sanctioned with effect from 1-5-'37. The last date for making alterations in Part I budget is 31-1-'37. Finance may be requested to make the necessary provision on account of the additional compounder in the B.E. for 1937-38.

3. A draft order is put up below for approval. It may be sent to Finance M.and Public (Rules) U.O. for acceptance.

(Please see pages 1-2 above)
